

WHEN TRUST MATTERS

Innovative fish farming

- seizing the opportunity, managing the risk

Per Arild Åland
DNV Maritime, Offshore Classification

9 March 2023

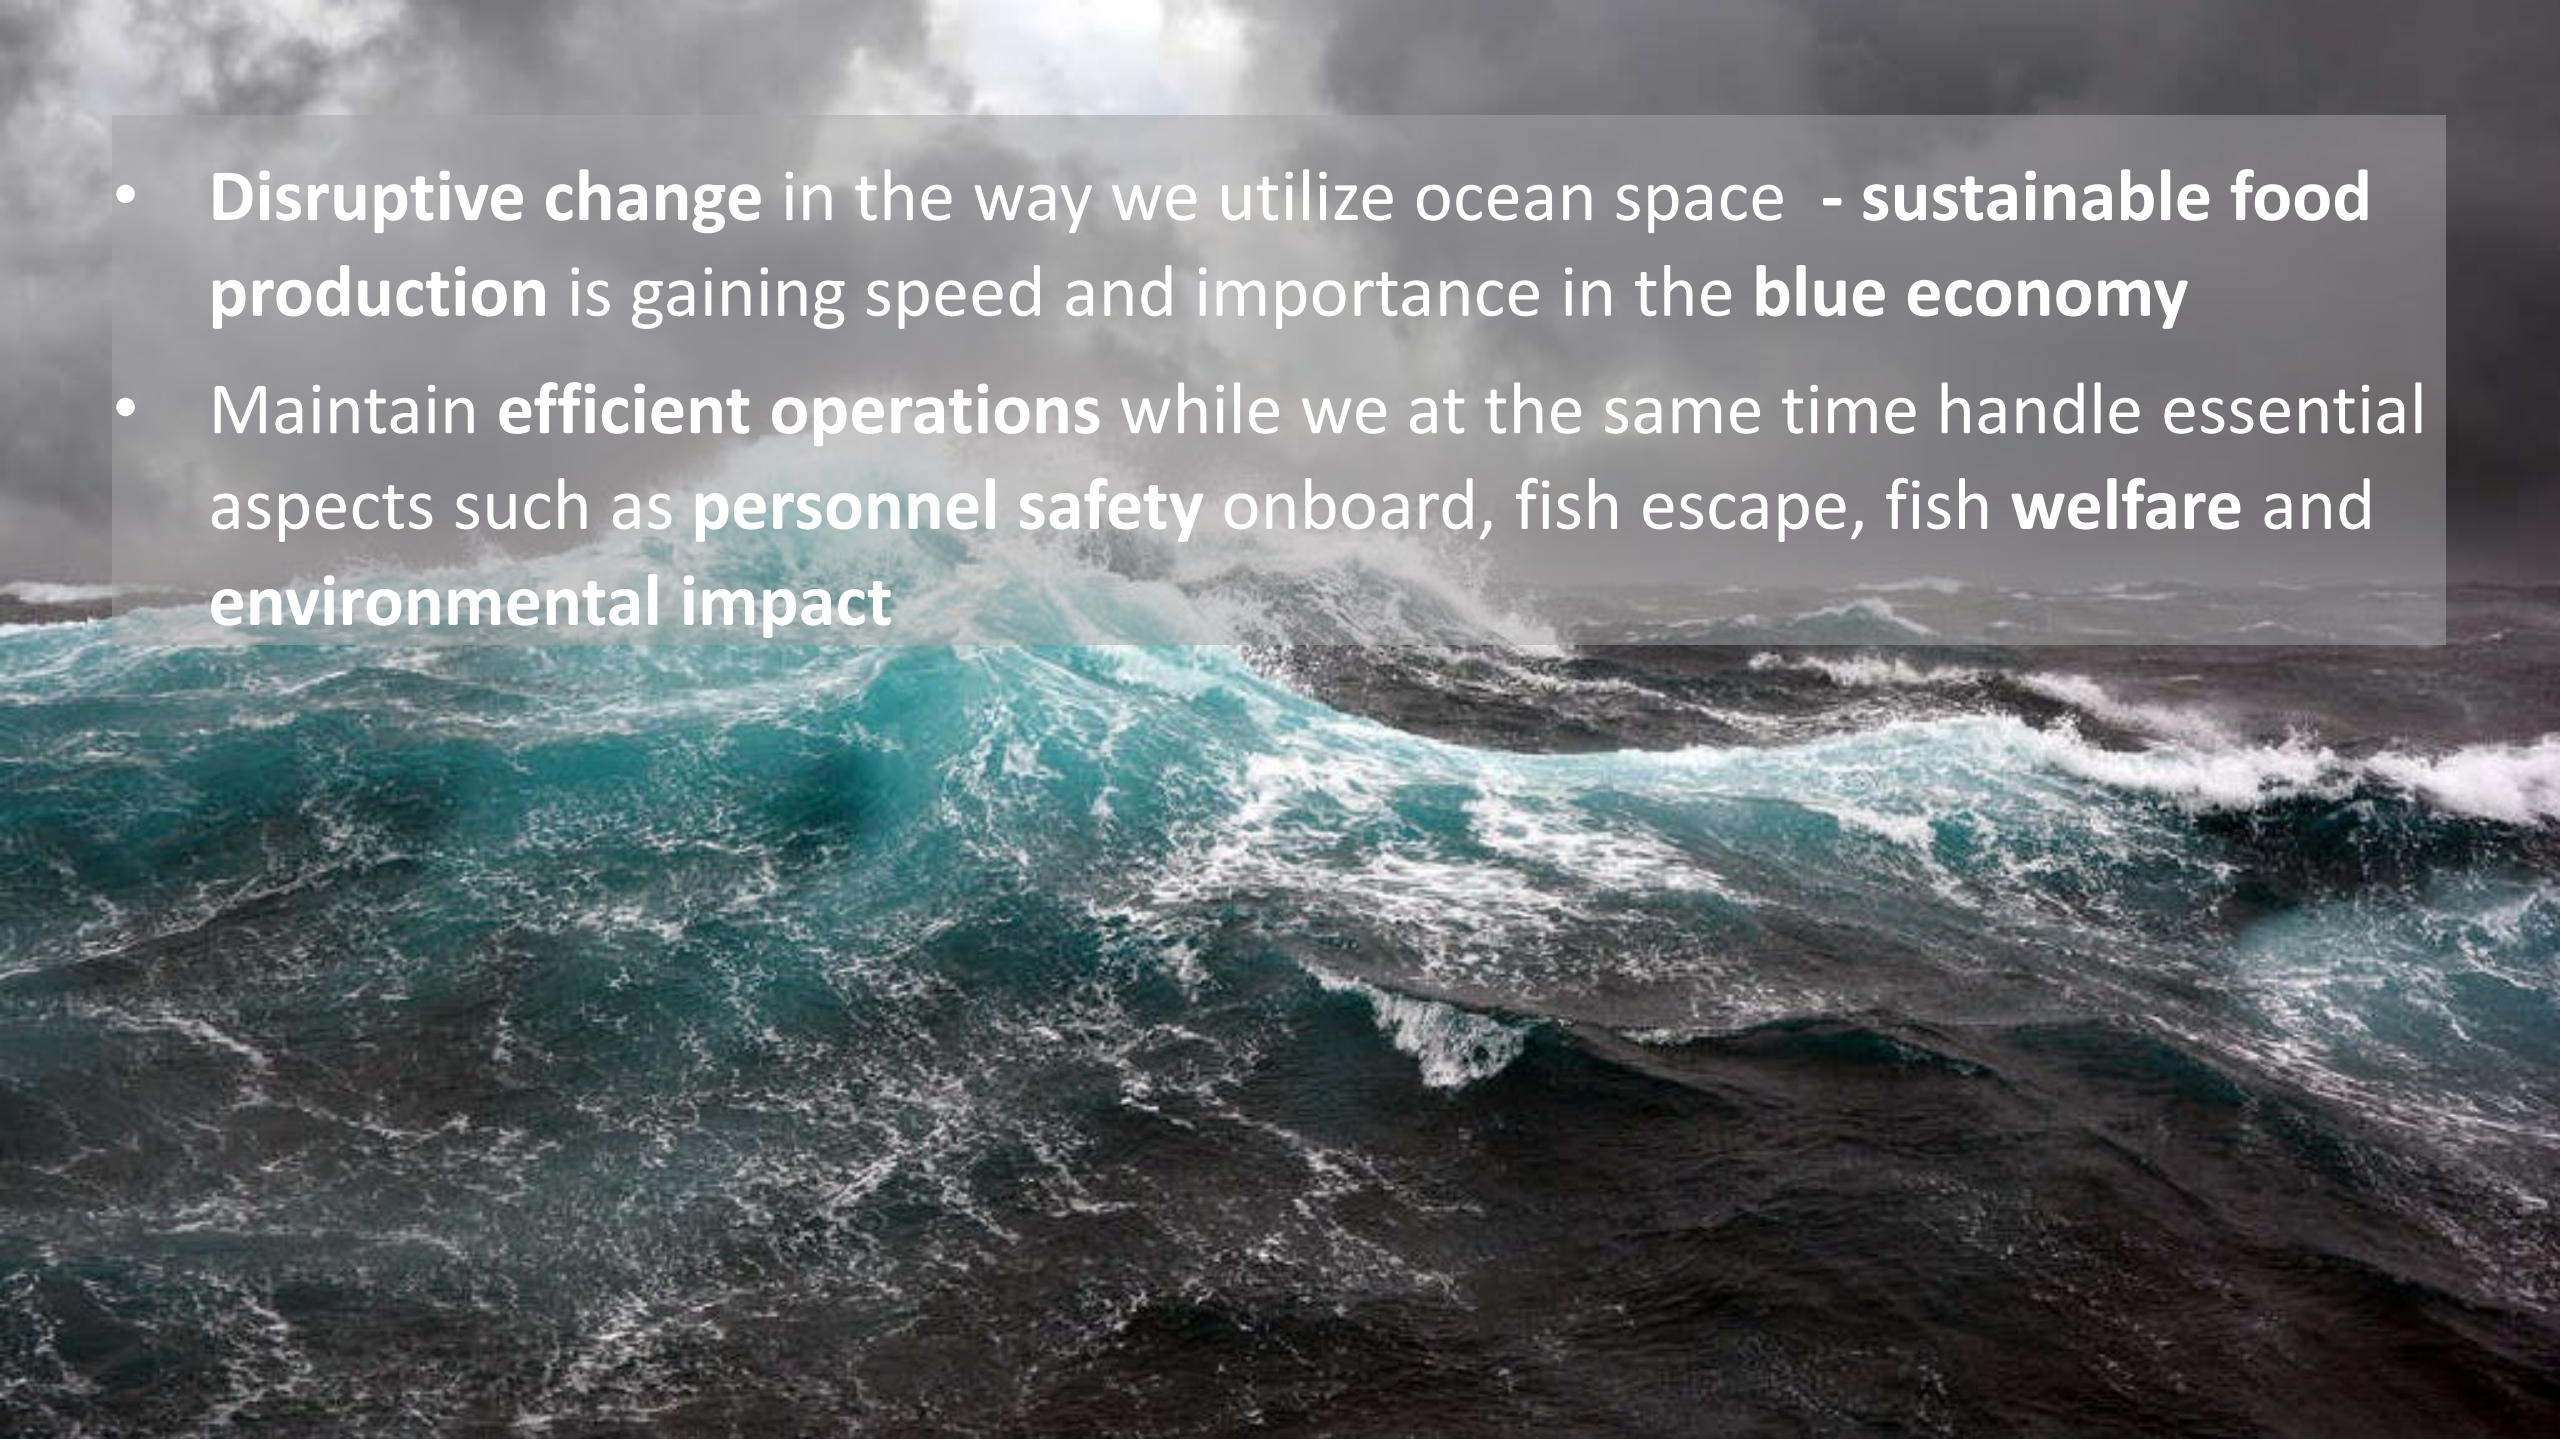

SEAVOLUTION

SEAVOLUTION

- Revolution
- Evolution

- 
- The background of the slide is a high-angle, aerial photograph of a massive ocean wave. The water is a deep, dark teal color, with white foam and spray visible as the wave crest. The sky above is filled with heavy, dark grey clouds, suggesting a storm or late afternoon light. The overall mood is powerful and somewhat somber.
- **Disruptive change** in the way we utilize ocean space - **sustainable food production** is gaining speed and importance in the **blue economy**
 - Maintain **efficient operations** while we at the same time handle essential aspects such as **personnel safety** onboard, fish escape, fish **welfare** and **environmental impact**

Panel discussion

Torgeir Torgersen
